

*Birthday Wishes
For a Dear
Sister*

"Sisters are special people
Who are thought of lovingly
And remembered
in the warmest way
Whatever the day may be."

Happy Birthday. Sister

Love Diana

*Though compliments
are often saved
Till days like this are here
Still you should know
you're thought about
With love all through the year
And you should know
you're wished the best
Of all life's good things, too
Because nothing less
is good enough
For a sister as dear as you*

Forget me not®
