

Dear Linda,

How is everything with you? Things here in Conn. are about the same. I still work at Sears and am living at home. My social life is improving a bit since I'm not so busy with my job as I used to be.

I don't know if I'll be coming in your direction anytime in the near future but I will certainly let you know if I am.

To wish you all the joys
of the Christmas season.

Are you still working at the telephone co?
How's Al doing? Do you still like living in
St. Louis? I Think about you often Linda.
Love,
Nickle.
