Wien - Vienna - Vienne

7/6/55

Dear Linda,

It is better a little late than never and we'll see who arrives first, this card or me. I had forgotten how truly beautiful Europe is, and ~~with~~ wish I could stay a lot longer as I do not have desire to return now. Time was not enough, and it ran away so fast. I can't wait to be able to return to Europe again. I am very excited for your trip. ~~that work has been ok.~~
