READING IS FUNDAMENTAL®

Reading Is Fundamental (RIF) is building a nation of readers where literacy begins – with children and families. Too many of America's kids grow up illiterate, unprepared for life's challenges. With help from 184,000 volunteers across the nation, RIF reaches 3,700,000 children, encouraging them to read and learn, and providing books they take home, keep and read. *Parenting* magazine named RIF one of "15 charities that really help kids." But RIF is more than that. By inspiring a life-long love of reading, RIF helps kids help themselves.

The Treasury of Children's Art Collection was produced by Scholastic Book Fairs as a special project for Reading Is Fundamental. Proceeds from the sale of this note card will help support RIF literacy programs.
