

Dear Linda;

I want to thank you for having the Merry Maids take care of ~~a~~ what was a big chore for me. They made their first time here on Mon Aug. 16th and did a real good job. I worried so much about these things but I just couldn't keep up like I used to.

I hope if and when you get to the point where you can't function as well as you'd like, that you will have some sweet, kind, and thoughtful, yes, and compassionate person over

2/ to be there for you,
Linda.

Just wanted you to
know how much I appreciate
you doing this for us.

Always remember, Linda,
that I love you - you have
always been very dear to
me.

Thanks again.

Love ya'

Aunt Louise
