

Sister-

You've always been an inspiration to me.
You have a unique style
and the kind of personality
that attracts love and affection...
especially mine.

You've always been special—
and even though we're different,
you've helped me discover
the ways I'm special, too.
Not many people have a sister
so generous and understanding...
and I'm truly lucky and grateful
that I got you.

Happy Birthday
40th

Love, Diane & Carl
