Dear Linda,

Happy B-day. I hope you have many, many more glorious years.

It's been great having you in my life for so long. You surely are a wonderful person.

Glad you found a job you like in

Topeka again. I have retired from teaching art. Unless the student appears of course. I don't ever expect to retire from art.

I have been vacuuming today. I have painted throughout the week and gone swimming once.

Love C.
